

Holy Ghost Girl

Canton Jones

The prettiest thing
I've ever seen
Was a holy ghost girl
And when she hits the scene
You'll know what I mean
'Cause she's a holy ghost girl

The prettiest
Most whittiest
The smartest, kind hearted
Woman in the world
Is a holy ghost girl
Who's living in her holy ghost world
And she shines like a holy ghost pearl
She'll pray for ya
All day for ya
To go to church the most
Most virtuos woman in the world
As a holy ghost girl
And this girl loves God the most
Will represent from coast to coast
And in the word of God she'll boast

The prettiest thing
I've ever seen
Was a holy ghost girl
And when she hits the scene
You'll know what I mean
'Cause she's a holy ghost girl

She's heard the word
She's the most down to earth
A tongue talkin
Bible walkin
Spirit filled
Dressed to kill 'em
Holy girl, good God she's a holy girl
Living in her holy world
She shines like a holy pearl (bling bling)
Will tell no lie
Look you right in the eye
And say what thus said the Lord
And heaven's her just reward
And I must confess
That in all this raunchiness
That she will stand for righteousness
And will not be apart of mess

The prettiest thing
I've ever seen
Was a holy ghost girl
And when she hits the scene
You'll know what I mean
'Cause she's a holy ghost girl

And she was saved (saved)
Sanctified (sanctified)

Holy Ghost filled (Holy Ghost filled)
And Fire Baptized (Fire Baptized)
