

# I'm Fly

Canton Jones

[Chorus:]

I believe I'm fly, but I can't be my flyest without you  
And I believe I shine, but I can't shine my brightest without you  
I love you [x8]

[Verse 1:]

Take a look at me  
You that I'm fly  
I'm only terrific cause I got you in my life yeah  
Man I gotta say it twice  
I'm only terrific cause I got you in my life see  
You make me better, promise you'll never, ever, ever, leave my side  
Cause you are, you're the reason I'm so fly

[Chorus]

[Verse 2:]

So much trouble in my way  
I gotta cry sometimes  
You still tell me it's ok, wipe them tears from my eyes  
And I thank you for your help  
Couldn't make it this far all by myself  
So many tried to take the credit from you, but they can't  
Say they the reason I do what I do but they ain't  
And I love you so  
Cause you taught me everything I know

[Chorus]

[Rap:]

Ok you fly, you got it goin on but  
Man you ain't come this far by yourself and on your own  
And I know you think you're grown but you need to pick up the phone  
And show a little love to the family back home and  
Show appreciation to the ones that put you on  
Knew you for you alone and kept your hair combed and  
If you don't do that then I think you dead wrong and  
I know you got some paper, does that mean your head's gone  
Ok don't be headstrong  
Keep people out your ear like headphones  
They'll have your mama pickin head stones  
Keep God first and bring your bread home  
Don't forget to pray  
And yo, when he answers, just do what he says  
And you'll be straight, man I'm proud of ya  
Me and the fam out in the crowd, screamin loud for ya  
And you're so fly  
Go do what you do  
Cause people like you are the reason I do what I do
