

# On The Run

Canton Jones

[Chorus:]

I'm on the run and I can't look back anymore  
No more [x5]

[Verse 1:]

I'm on the run right now  
I'm chasin my destiny  
And if you ain't runnin with me  
You best not get next to me  
I don't confess to be the best  
You see, I'm just tryin  
To make this world a better place and stop Mommas from cryin  
In this world of hurt and pain, I'm sort of a medic  
And my medicine is Good News so yo, I'm gonna spread it  
East coast, west coast, worldwide, dirty south, international  
That's where we're going  
And I can't stop this mission until the trumpet is blowin

[Chorus]

[Verse 2:]

Why do people dislike you  
Just because you're tryin to win  
You put all your heart in it  
They act like you committed sin  
And then when you find a friend  
It's like here we go again  
No, I'm not perfect  
But a true friend is oh so genuine  
You just got to run when you're misunderstood and  
You just got to run when it don't feel that good  
Just keep fightin, keep growin, keep runnin and don't get tired  
Keep trustin, believing, keep prayin, keep climbing higher

[Chorus]

[Verse 3:]

I'm on the run, Can't turn back yes  
I'm on the run, gotta reach my goal  
I'm on the run, and victory is mine  
I'm on the run, I gotta keep running  
No matter what it takes, let's go, let's go  
I'm on the run, I'm on the run

[Chorus x2]
