

Worship You

Canton Jones

[Chorus:]

I submit my spirit
Even if it comes to tears
I worship You [x2]
I give up all my pride
I let You come inside
I worship You [x2]

[Verse 1:]

I won't pray all fancy cause
All I need is an answer from You Lord
I'm on my face in my living room
And the devil wants to send me to my doom
Got my hands stretched wide
Tears I ain't tryin to hide
Lord please come inside
None of me and all of You
Do what You want to do
With my life I worship You
Let Your Spirit fill my space
Draw me nearer to your face
You are welcome in this place
And experience Your love and grace
With all that I have
I worship You

[Chorus]

[Verse 2:]

When the Spirit hits
I get sentimental and I
Lay aside accolades and credentials
Cause I worship You
I worship You
In the beauty of holiness
I long to draw nearer to You
I give it all, won't tease You
I want my worship to
Please You, please You
Let Your Spirit fill my space
Draw me nearer to your face
You are welcome in this place
And experience Your love and grace
I worship You

[Chorus]

[Bridge:]

I want You to come inside and I worship You
I give up all my pride and I worship You
You be Dad and I'll be boy, Lord I worship You
No one can steal my joy so I worship You
