You'll Never Be Alone

Capital Kings

I'm the street lights that guide you home I'll be the GPS when you've lost your phone I'll be the song that's rockin' in your headphones I'll show you the signs to let you know You'll never be alone

Hey let me start it off by saying this You mean everything to me, nothin' I wouldn't risk Every single second or moment that passes by I'm thinkin' about you and really want you to know that There's something more out there Something that will hold you very tight when your scared Cause I know when times get tough, and it starts to get rough It can feel like everything's crashin' down on ya

So when it seems like every road you're on has hit a dead end There is hope, let me show

I'm the street lights that guide you home I'll be the GPS when you've lost your phone I'll be the song thats rockin' in your headphones I''ll show you the signs to let you know You'll never be alone

Man crazy how you got this far I'd be sittin' just wonderin' where to start Last week you were sayin' that somethin' just ain't right Layin' in your bed stayin' up all night cause This life is harder than it seems But one thing I've learned is never stop chasin' your dreams And if it ever gets to hectic for you stop for a second And remember one thing

Sometimes life is an ocean, we're just tryin' to float We get caught in slow motion from the undertow Sometimes the path to choose is right in front of you You just gotta let go
