

# Hurts My Heart

Capleton

It hurts my heart  
Got to share my thoughts  
It hurts my heart  
They won't walk the righteous path

When me go so almshouse an' me no want that 'bout  
Dem go walk bout a run up dem mouth  
After me lef from Jamaica go a foreign pon tour  
When me come back dem turn big time sell out  
When me did say woman me, lotion me, no lotion man  
That dismantle dem boogeying plan

Then me go say music is a mission not a competition  
Nuff a dem run go turn carbon  
Then me say the heathen dem a rage  
Ask dem how long and tell dem hold a meditation

Well, I say it hurt my heart, heart  
And I got to share my thought, thought, thought  
Judgment

When me tell dem watch how dem flex and how dem program  
Dem put on the wings of the morning and fly  
When me say don't try to trick I you little Satan spy  
Dem build coffin and prepare fi die

Tell dem no dis the trinity and dem can't sleep a night  
Dem get the treat and no take the warning  
Then me go say wake up in the glorious morning  
I man see Babylon but your kingdom is falling  
Then me juggle again and sing

Well, I say it hurt my heart, heart  
And I got to share my thought, thought, thought  
Judgment

When me get the new talk fi spread  
Babylon think me dead  
Who seek a live and I say who talk dead  
Fire red

Cold cold cold cold blooded murderer  
Oonu fi look out  
Live clean so that your works can be seen  
Me bawl why why mankind dem so cuvitch

Well, I say it hurt my heart, heart  
And I got to share my thought, thought, thought  
Judgment

Well me say dem hard fi believe  
And me see it from afar  
Dem no like me and me no like dem  
When me go?

While the sun shine  
Nuff a dem still come get bad mind

Then me go say war upon the leader dem mind  
But a long time?

And again well, oh, Dem a gwaan like dem good so  
And again.. oh Dem a gwaan like dem a bad so  
Then me have fi light up mi callie so go burn down Rome  
Then chant burn down Sodom  
Babylon know me make me want chant me song  
Well a long time we warn dem and dem neva want listen

Well, I say it hurt my heart, heart  
And I got to share my thought, thought, thought
