

# Liberation Time

Capleton

Where is your heart  
Where is your soul  
Where is the love, for the children

I know I will survive  
I know I have to stay alive  
Chant for the youth to survive  
Open up their eyes and be wise

Cho  
Dem nuh have no love fi mankind  
Who dem nuh killed Who dem nuh bugged dem cant find  
Dem only hate dem only grudge dem unkind  
Cho  
Tell 'em a liberation time  
Tell 'em a salvation time  
Everyone haffi go liberate their mind

Do you eva take a look inna the ghetto  
Youth dem a suffa and mi seh so yeah  
Things been fi get betta  
Tell di whola di wicked dem fi pack up and let go yeah  
Take a look inna di ghetto  
I hear the voice of the poverty a echo  
Well di youth dem need help mi nah stop seh so  
And tell di whola di wicked pack up and let go  
So mi say again

Dem nuh have no love fi mankind  
Who dem nuh killed Who dem nuh bugged dem cant find  
Dem only hate dem only grudge dem unkind  
Cho  
Tell dem a liberation time  
tell dem a salvation time  
Everyone haffi go liberate their mind

Do you eva walk the streets yo  
And see di youths dem future ??  
And everyday dem education a breach  
Di youth dem waan fi learn but still yuh neva teach  
Nuff of whole heap ?? job  
And still dem cyan see they hurt  
No vacancy , anytime dem touch di street look how dem haffi struggle fi make  
to ends meet  
That's why nuff a turn to the bullets and the piece  
So mi say again

Dem nuh have no love fi mankind  
Who dem nuh killed Who dem nuh bugged dem cant find  
Dem only hate dem only grudge dem unkind  
Cho  
Tell dem a liberation time  
tell dem a salvation time  
Everyone haffi go liberate their mind

See it clear seh dem system slack it  
Dem alone mi say a create all a di rocket

Have all di wealth a put inna dem pocket  
People dem a work and dem a get all di profit wooh  
Like a movie star a seh dem waan fi act it  
Then dem violate dem with di guns and di crack it  
As a youth live six, him waan ??  
As him reach twelve, him waan di matic whoooo

Nuh mek fun fi pop it  
Anyting weh walk inna him way same dont fraid fi shot it  
Nobody inna di world cyan stop it  
This King Selassie ???  
So mi sey again

Cho  
Fyah a go burn dem down  
Burn dem every burn dem down  
Burn inna dem countries and inna di town  
One ya now  
Fyahman a burn dem down  
Burn dem every burden down  
Burn dem and di wicked going down  
They going down to the ground

Fyahman a burn dem down  
Burn dem every burn dem down  
Wicked heart they see they going down  
Yes they going down

Fyahman a burn dem down  
Burn dem every burden down  
Burn dem and di wicked Going down  
They going down to the down  
Fyahman a burn dem now  
Burn dem every burden down  
Wicked heart they see they going down  
Yes they going down
