

# Raggy Road

Capleton

Jah Rastafari, and I saw an I-angel ascended from the east  
Having the seal of the living King, Emperor Haile Selassie I  
The Most High and He cried out with a loud voice, sayin'

Oh, oh, it's a raggy road, road is so rough  
Raggy road, road is so tough  
Raggy road, a road is so rough  
Raggy road

Well, I been troddin' this road for the longest while  
And me career nuff a dem want fi soil  
Troddin this road for the longest while  
And never yet try profit off all another man toil

Troddin this road for the longest while  
A long time in this house and me no stop till the soil  
Troddin this road for the longest while  
And give away more than one tenth of the spoil

Troddin this road for the longest while  
And still me lamp never run outa oil

This the one you have fi feel  
Tell dem a no bargain, tell dem a no deal  
Nuff a dem nah want put dem shoulder to the wheel  
So dem go rape, dem go rob and dem go kill and steal

All a try eat all a another man meal  
Onu deaf, onu dumb, onu blind fi go feel  
One man was worthy to open the seal  
Emperor Selassie I, I know is real  
Babylon get trampled under me heel

Raggy road, road is so rough

And never yet try profit off all another man toil

Troddin this road for the longest while  
A long time in this house and me no stop till the soil  
Troddin this road for the longest while  
And give away more than one tenth of the spoil

Troddin this road for the longest while  
And still my lamp never run outa oil

Like Henry Morgan with the pirate code  
Nuff a dem a trod upon corruption road  
Nuff a dem a trod with Satan heavy load

True dem promote that dem and The bingi man no [Incomprehensible], bingi man

Bingi man no wear up dem Babylon clothes  
In a me turban and me Asian robe

Well, dem a come see, we come fi expose  
The righteous works nuff try oppose  
I see judgment a take dem evil at the sword  
Judgment take dem and then dem explode

Well, it's a raggy road, road is so rough

Now dem see the hour and how come dem a go run  
I'm like the lightning and the thunder  
Come fi conquer dem gun

I'm like the rain, I'm like the breeze  
I'm like the river that run  
I'm like the star, I'm like the moon

And dem give the ghetto youth dem gun  
Fi shoot dem brother down  
Babylon you judgment a fi come
