Yo, yo Melvin Flynt drop, my whole collasso stop  
I can't believe I fucked up and made a half-ass album  
My excuse is, my pops just died, and I ain't wanna make music  
My pops just died  
My fans stuck with me, my shit still went gold  
I got a habit just to drive, gettin head and I roam  
CNN, we like the Grand Royal, I write rhymes with the Coke oil  
Yo, Apollo heat  
See me, sell ??? right with ??? creep  
Got out the club, seen the police, Diallo deep  
I'm like Frank Mathis, see me blow my dough  
And any bitch givin head, if she blow I know  
Oh no, we had to go see Premo  
Taped it up, The Reunion, a brand new cut  
Up in D&D, stayin with some rats and some sluts  
From the projects, she know we need our welfare cut

CNN, Network Channel 10  
Yo, it's all reality  
I'm in it to win it, sit back picture that  
Yo respect it, the legacy'll never end

Premo, what up man  
Yo, I'm not rowdy but I bang niggas and I pop collas

Put my hand on the Bible, tell it to the judge  
I'm a lie for my dunn, take it in blood  
I'm dot com, I drop bombs, kill ya squad  
Live like I'm still in the yard 'til I pop ya god  
For my niggas in the Bridge, with the 50 dollar Panasonics and the blank 8's  
Who rap chronic collab jake  
Whether we have not or have cake  
We got gas to get that straight, we movin at a fast rate  
My last case I got bail  
My first one, man did indicted, how I write it, sister can't stand it  
I smoke bud, get pissy, who could flow with me  
Staggerin, bang like the wild Aficans  
Spit gutter on a Premo beat, for the love of the street  
The only child, my little brother was he

Yo, yo, my thugs is bilingual  
You see my shit speak Spanish  
Disappearing acts make your whole team vanish  
From coast to coast I got them things

Badda-boom-badda-bing, he the glorious king  
Another album, another plaque, another ounce and another mac  
Another chromed out gat  
Another place to face where I lace you at  
I put all type a wholes in ya face black

Yo, yo, who think I don't got it?  
I'm like workin with a bird, I got long product  
Give it to you raw, won't chop it  
New York niggas is foul, we body sling shit in the val'  
Them pregnant fiends, killin they child  
I'm the next best thing to "X", oral sex  
Brand new tecs, food stamps and welfare checks
