

Over And Over

Captain Hollywood Project

Over and over my dreams drifting over
Over and over and over again
Love me and kiss me
Just tell me you miss me
All over and over and over again

Over and over
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over

Over and over, over and over
All over my dreams I'm drifting lower
Tossing and turning every hour
Yeow, I need a cold shower
Cool my brain chill my mind
Until you get struck time after time
Making of a hot shot
Dreaming of a hot shot
Girl I'm just so mad about you
I guess my baby driving me crazy
Got my mind on the time completely
Feeling like my body is on fire
I don't smoke or drink till I'm higher
Feel your moving and your grooving
I thought it like you loosing
Don't you remember what I told you
You and me over and over

Over and over my dreams drifting over
Over and over and over again
Love me and kiss me
Just tell me you miss me
All over and over and over again

Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over

Over and over

Yeah
Over and over
Over and over again
Over and over my dreams I'm drifting lower

Damn

When I touch you, let me touch you
This is what I dream so much of
I got me in loops all over my sleep
And when I get you I reach the beat
And only thought is you I'm keeping
Yeow, It's good and just to deep
Now listen up or let me go
I just can take no more and over
I need to get everything I got to
Got my friends house open or not to
I can feel that life is good
Love is more but still I'm holding
So baby shake me, baby shake me
Down and out so baby break me
I think about everything I told you
You and me over and over

Over and over my dreams drifting over
Over and over and over again
Love me and kiss me
Just tell me you miss me
All over and over and over again

Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over
Tutu parara parara
Over and over

Over and over
