

## Storm In A Teacup

### Capture the Crown

If there's no tomorrow, can we replace it?  
If there's no tomorrow, can I hate the same way?

Made of em, make em go  
Lay em down, lay em down  
More of this world, make up

Stop me from figuring out for this song  
We're bout to be fallin, fallin  
Stop me from thinking right now who's to sin  
Who else to be falling, falling, falling again  
Falling again

Find it  
Sign it, fallin, out  
Stronger, I fall out  
Right now I step  
I wanted to be forever, and pleasuring  
Pleasurize a manic life

What has this world become  
All do is screamin, I've told  
What has this world become?  
For a thing on  
What has this world, what has this world become?  
What has this world, what has this world become?
