

Fix Pop Bang Shot

Keith Caputo

better straighten yourself out ive got cigarette burns on
me

no one helps anyone else out and its so plain to see , to
me what the hell is wrong with me ?

fix, pop, bang, shot ease my pain

im living where peace has no meaning im building that
wall aint no easy way out at all

need a fix, take a pop, wanna bang, take a shot

im hidden under my lady im beneath her toes im beneath
her toes and clothes.
