

## Ramshackle

Keith Caputo

been ramshackled  
uclers knocking at my door  
i've kept it together  
trippin in a dead boys orb

yearning for her snow rose  
city lights, the seasons swirl  
and i dropped my shiver in light forever..

so lets just get out of this mess  
and pick a tender with no reply  
my girl i cant live without her  
her soul ill sink without her

pretty us, pretty wild, pretty tears in her face  
so lets just get out of this mess

i might have to medicate  
before i go bezerk  
im down in on empty  
but i wish i wasnt

ashes to ashes  
dust to dust  
i dropped my shiver  
and light forever..

lets just get out of this mess
