Caravan Palace

People downing in the middle of the parties again  
Getting the cool with the happy, they went fire  
(foyeerrr)

Everybody talkin' 'bout the power of the gospel (blame-a-  
buddeh)  
Getting the cool with the happy, they went fire

People downing in the middle of the parties again  
Getting the cool with the happy, they went fire  
Everybody talkin' 'bout the power of the gospel  
Getting the cool with the happy, they went fire

Seems to feel that beat you can't stop bouncing  
Why don't we keep that rhythm just what it sounds  
Now people want to stop the frenzied happening  
But I need you to stop the sound, get it right
