

Tell me why  
Tell me who  
Tell me you don't know what to do  
Get it all over you  
Who will know how to fight? Only you  
Tell me why  
Tell me who  
Tell me you don't know what to do  
Get it all over you  
Who will know how to fight? Only you  
You with me  
Another time  
I don't care  
If it's wrong or right  
You reach in  
And I reach out  
Time will tell  
What we're all about  
Tell me why  
Tell me who  
Tell me you don't know what to do  
Get it all over you  
Who will know how to fight? Only you  
Tell me why  
Tell me who  
Tell me you don't know what to do  
Get it all over you  
Who will know how to fight? Only you  
You with me  
Another time  
I don't care  
If it's wrong or right  
You reach in  
And I reach out  
Time will tell  
What we're all about  
You with me  
Another time  
I don't care  
If it's wrong or right  
You reach in  
And I reach out  
Time will tell  
What we're all about
