Tell me why
Tell me who
Tell me you don't know what to do
Get it all over you
Who will know how to fight? Only you
Tell me why
Tell me who
Tell me you don't know what to do
Get it all over you
Who will know how to fight? Only you
You with me
Another time
I don't care
If it's wrong or right
You reach in
And I reach out
Time will tell
What we're all about
Tell me why
Tell me who
Tell me you don't know what to do
Get it all over you
Who will know how to fight? Only you
Tell me why
Tell me who
Tell me you don't know what to do
Get it all over you
Who will know how to fight? Only you
You with me
Another time
I don't care
If it's wrong or right
You reach in
And I reach out
Time will tell
What we're all about
You with me
Another time
I don't care
If it's wrong or right
You reach in
And I reach out
Time will tell
What we're all about
