

Vow

Caravan

Paranoid loser,
Trying to deafen love
In the name of friendship
You became my enemy
You traitor! You traitor!
You traitor!

I can't take it!
Rage has filled my heart
I won't take it!
So this means war
War! War! War!
This means war!
War! War!

Manipulative bastard,
You're haunting me in my dreams
In the name of friendship you became my enemy
You traitor! You traitor!
You traitor!

You worthless cunt!
Hear my vow!
I'll bathe in your blood
And piss blood on the grave I dug for you
