

Lonesome Pine

Carbon Leaf

She made her way. She felt she was to blame
And her porcelain dolls - she's boxed them all
And along the way, she changed her name

Lonesome Pine, rain or shine
Stands alone. Roots unknown
And I'm as brave as you
And I'm as 'fraid as you
And I'm as brave as you
And I'm as afraid as you are too

She let me in. And then, she changed her mind
With a sad echo. She's all her own
She shook the blame. She changed her name

Lonesome Pine, rain or shine
Stands alone. Roots unknown
And I'm as brave as you
And I'm as 'fraid as you
And I'm as brave as you
And I'm as afraid as you are too
