

Well I was in the house
Planning my way out
Hello society welcome me
I wore a nametag it said
'hello my name is'
Do you like me?
Let's scrape dead birds from the ground
Let's strip and try to swim the sound
Let's steal from the lost and found
(I've come unwound)
And I try
Well I was in the house
Planning my infatuation
I've got to try, (yeah, I'm the guy)
I'd like to like you I just might go off
Do you like me?
We'll rip the wings off of a fly
We'll go to church and tell a lie
Eat candy panties til we die
(that's just not right)
And I try alone everyday
