

Is This The Life

Cardiacs

Following around to see a life that's never in
Always calling itself on its own phone
Though its never quite at home in the world today

See it to arranging the day
Prepared in its own special way
With added loving care
Though its not been there since yesterday

Looking so hard for a cause
And it don't care what it is
And never really ever seeing eye to eye
Though it doesn't really mind

Perhaps that's why It never really saw
Never really saw
Saw
