

Brahminy Kite

Caribou

And I'm descending all the time
Pretending all the time, pretending to be free
And I'm ascending all the time
Descending all the time, intending to be free
And I'm spending all the time
Ascending all the time, pretending to be me

And I'm descending all the time
Pretending all the time, pretending to be free
And I'm ascending all the time
Descending all the time, intending to be free
And I'm spending all the time
Ascending all the time, pretending to be me
