

## Brahminy Kite

Caribou

And I'm descending all the time  
Pretending all the time, pretending to be free  
And I'm ascending all the time  
Descending all the time, intending to be free  
And I'm spending all the time  
Ascending all the time, pretending to be me

And I'm descending all the time  
Pretending all the time, pretending to be free  
And I'm ascending all the time  
Descending all the time, intending to be free  
And I'm spending all the time  
Ascending all the time, pretending to be me
