

You And Me

Carina Round

The things we've seen
The things we know

The things we dream
In telepathic beams
Don't go around
Don't go ...

Cocooned in my heart there is you
Glowing like the moon

I miss you I miss you
I do do do
Do do do do do do ...
Do do do
I miss you
I miss you
I do do do
Do do do do do do do do do ...
I miss you I miss you
I do do do
Do do do do do do do do do ...
I miss you I miss you
I do

A park in King's Heath
The rain on our tongues
And on the ground
Ecstatic feelings
Naked and cartwheeling
Doing nothing wrong
Oh no
A memory captive in time
An innocent crime

I miss you I miss you
I do do do
Do do do do do do...
Do do do
I miss you
I miss you
I do do do
Do do do do do do do do do do
I miss you I miss you
I do do do
Do do do do do do do do do...
I miss you I miss you
I do

Your voice in my winter
A light in me
A fire in the mountains
Black finger trees waving madly
Causing explosions
Bringing the skies to smithereens
For you and me

I miss you I miss you I do

I wish you a love that's pure
And a happiness that's true
All that you've wanted and more
Divine abandonment
But my beautiful friend most of all
I wish I could see you again

I miss you I miss you
I do do do
Do do do do ...
I do do do
I miss you I love you
I do do do
Oh but I do do
do do do do do do...
I miss you i miss you
I do do do
Do do do do do do...

I miss you i miss you
I do
