

# Please Don't Kiss Me

Carla Bruni

Your lips learn me so sweetly  
I'm afraid I fall  
But if I can have you completely  
I don't want you at home

Please, don't kiss me  
But if you kiss me  
Don't take your lips away  
Uhm, uhm, uhm  
And please, don't hold me  
But if you hold me  
Don't take your arms away  
Uhm, uhm, uhm

Comes the change in weather  
Comes the change of heart  
Who knows when the rain  
When the rain will start?  
So I beg you

Please, don't kiss me  
But if you kiss me  
Don't take your lips away  
Uhm, uhm, uhm  
And please, don't love me  
But if you love me  
Then don't take your lips or your arms or your love away
