

# Goodnight Dallas

Carlene Carter

I've tasted the good and the bad  
And too much of what I ain't had  
I been up and down and all around this old town  
But nothing's felt better than my feet on the ground  
On the road that leads out of town

So goodnight Dallas  
Gonna shoot out the lights  
In that ole silver palace  
I'll drink your wine one last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o

I've lived my life at it's best  
And too much of all of the rest  
I could love you and leave you  
But never no never deceive you  
So maybe it's better when I leave  
I leave with no lies than leave with no truth

So goodnight Dallas  
Gonna shoot out the lights  
In that ole silver palace  
I'll drink your wine one last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o

So goodnight Dallas  
Gonna shoot out the lights  
In that ole silver palace  
I'll drink your wine one last time  
Come morning I'll be gone  
Goodnight Dallas  
Ah lee o lay e a lee a o

Goodnight Dallas  
Ah lee o lay e a lee a o  
Goodnight Dallas  
Ah lee o lay e a lee a o  
Goodnight Dallas  
Ah lee o lay e a lee a o
