

# You'll Be The One

Carlene Carter

You'll be the one I can't forget  
When all is said and done, you'll be the one  
When I'm alone I might regret  
Things that I've left undone  
There's been some  
Like the beating of my heart  
I can't stop it once it starts  
Darlin' whisper in my ear  
And I'll hear what I want to hear  
'Cause, when all's said and done  
You'll be the one

I'll be the one at your fingertips  
When you reach out, I'll be the one  
I want to hear from your sweet lips  
Things that you tell no one  
Say I'm the one  
Like a star in the darkest night  
And when you whisper in my ear  
I just hear what I want to hear  
Babe when all's said and done  
You'll be the one

You'll be the one  
That makes my life so sweet  
That keeps me off those dead-end streets  
You'll be the one  
That gave me something more  
More than all the rest, that I knew before you  
You'll be the one

When I'm old and looking back  
I want to know that you'll be the one  
That keeps me from losing track  
Things that I've left undone  
There've been some  
When I lay down beside you each night  
I'm gonna know that I lived my life right  
When you whisper in my ear  
I'll still hear what I want to hear  
Cause when all's said and done  
You'll be the one  
You'll be the one  
You'll be the one
