

Hurt So Good

Carly Rae Jepsen

1. When you smile,
I can taste baby you don't even know
You don't even know
And my heart skips a beat,
darling everytime you go
Everytime you go, everytime you go
When you walk in to the room
I can't speak, and I can't move
You don't see me, but you should
Why you gotta make it hurt so good

R: I don't ever want to let you go
We could take it fast or make it slow
I'm afraid that you misunderstood
Every day is just a wish I could
Oh why you gotta make it hurt so good

Oh why you gotta make it hurt so good

2. All the girls on the block
They come knocking on your door
Knocking on your door
You just stare out the window
What you waiting for
What you waiting for
Is it too late, or too soon
I'm right outside here, wanting you
You don't see me, but you should
Why you gotta make it hurt so good

R: I don't ever want to let you go
We could take it fast or make it slow
I'm afraid that you misunderstood
Every day is just a wish I could
Oh why you gotta make it hurt so good, so good

3. Imagine you, imagine me
Together so, how lovely
Imagine me, imagine you
Inside a dream, how good for two
When you walk in to the room
I can't speak, and I can't move
You don't see me, but you should
Why you gotta make it hurt so good

R: I don't ever want to let you go...
+ Oh why you gotta make it hurt so good
