

Worldly Matters

Carly Rae Jepsen

1. Hot pink skies
twilight of the day
I think that I've been
going about this the wrong way
Kids on my street
got it right man
Barefoot hide and seek
My best friend she
lives up the road
Haven't talked to
her in weeks

R: Oh time don't blind
me I am so sorry
I've been swept up
in my own concerns
And the worldly matters they
just don't matter at all
No not at all

2. I keep on walking I stop
Ditching all my plans
I want to climb that cedar
tree and leave
me in good hands
What happened to me on
the way to something higher
What will be left when I
have all that I desire

R: Oh time don't blind...
