

# God Is Exalted

Carman

God is exalted  
God is exalted

I'm takin' off, off to a higher place  
A higher level where the devil  
Don't have power 'cause Christ be the King  
In other words, this be a Jesus thing

So hold on tightly 'cause there just might be  
Friction and turbulence, so grab a grip  
And stop trippin' 'cause the devil want to see you  
Slippin' in the darkness

Put on your wings, fly through the clouds  
Our destination is Salvation  
So make sure you check into the right location  
And don't forget to get that first class reservation

Which be the blood of the Lamb  
Jesus Christ is the captain in command  
And with Christ as the captain we are sure to  
Fly the friendly skies

God is exalted and Satan is defeated  
Jesus Christ is Lord  
God is exalted and Satan is defeated  
Jesus Christ is Lord

Watch out, there's a storm ahead  
We're hittin' the air pockets, but just like rockets  
We're breakin' free spiritually  
A three point landing guaranteed

Stay buckled to the Word of God  
It keeps is strong, away from wrong  
Uppity, uppity up where we belong  
So off we go

But now you all see the R.I.O.T. posse  
Ain't gonna crash like a kamikaze  
So let's keep flying to the sky and  
Don't listen to the devil 'cause he be lyin'

God is exalted and Satan is defeated  
Jesus Christ is Lord  
God is exalted and Satan is defeated  
Jesus Christ is Lord

He's exalted  
God's exalted  
He's exalted  
God's exalted
