

# Holy Ghost Hop

Carman

Everybody used to do the twist  
The mashed potato, and it moves like this  
The funky chicken, monkey too  
Wasn't nothing they would not do  
But there's a new dance no one can stop  
A leap for joy we call the Holy Ghost Hop

Get ready, hold steady  
Don't deny it, just try it  
Be bold now, let it go now  
Give the Holy Ghost control now

Rejoice with a grateful heart  
Rejoice to the Holy One  
Rejoice, let your praises fill the air  
Rejoice, rejoice, rejoice, rejoice  
Everybody praise Him and rejoice

Hey all you brothers and you sisters too  
Don't let tradition tell you what to do  
Release your worries and your fears  
'Cause we've been hoppin' in the church for years  
If King David was here I know that he  
Would do the Holy Ghost Hop with me!

Now get ready, hold steady  
Don't deny it, just try it  
Be bold now, let it go now  
Give the Holy Ghost control now

Lord, I will praise You  
And I'll exalt you forever  
I'll magnify You and I will love You  
With all of my heart and my soul and my mind

We're not through, more to do  
Don't be tame, praise His name  
We're not done now, just begun now,  
It's time to have some fun now!
