

# Freedom by Mutilation

Carnal Forge

The sound, self-reflected a bloated form my every reaction  
Pissed off, fucked up, gone astray  
Outcome: let it be! I'm insane

Christ sold, the heavens shall fall  
We've abandoned your direction  
The great one saved by our enemy action  
Worldwide devastation

We're free  
We got no lights to follow  
We have yet to receive the disgrace  
We got no lights to follow  
Affected as some bitter victim  
Burn...  
Affected as some bitter victim  
Burn...  
A question of falling

You'll pay, freedom only yours by mutilation  
My way, your way  
We are the cast in this play  
You'll pay, freedom only yours by mutilation  
The paint of inner beauty's falling again

Pain...  
... A Reason, you have to fall  
With a badge of degradation  
Racing for the fun  
We'll all get invitations

We'll burn...  
We got no lights to follow  
We have yet to receive the disgrace  
We got no lights to follow  
Affected as some bitter victim  
Burn...

You'll pay, freedom only yours by mutilation  
My way, your way  
We are the cast in this play  
You'll pay, freedom only yours by mutilation  
The paint of inner beauty's falling again  
We've gone getting dirty of the lies

You'll pay, freedom only yours by mutilation  
My way, your way  
We are the cast in this play  
You'll pay, freedom only yours by mutilation  
The paint of inner beauty's falling again
