

# Godsend God's End

## Carnal Forge

I'm your... arch enemy  
I am your nemesis  
I am the lord of lies  
I'm your, your false messiah part human, part divine

I am the locust rising and the blood that rains  
I'm the part of mankind gone insane  
I am the reason  
I am the cause

I am... the lust to kill bred from the pain of life  
I am your cause of death, reason to live  
I am your only friend, the one who bears false witness in the end  
Judge, jury and executioner too  
And here's something you should know;  
I'm the death that lives inside of you

Fabricated from your feeble minds  
Incarnated in these evil times  
I'm the Morningstar

Dead bodies on crosses hang  
Godsend (God's End)  
Lead the lambs to their slaughter  
Dead bodies on crosses hang  
Godsend (God's End)  
Bleed the meek

I'm vanity  
I am your growing greed  
I'm sloth, pride, hate and disease  
I'm all your memories lost  
I'm gluttony and the wrath of lust  
I'm anxiety and suicide too  
And here's something you should know...  
I really don't give a fuck about you

Fabricated from your feeble minds  
Incarnated in these evil times  
I'm the Morningstar

Dead bodies on crosses hang  
Godsend (God's End)  
Lead the lambs to their slaughter  
Dead bodies on crosses hang  
Godsend  
Bleed the meek

Born, out of chance you're given a life  
Whatever you say I'll know it's a lie  
Kept safe, in the dark but then one day  
There's more to life than preparing to die  
Torn from the womb you're screaming in pain  
Taking back what's mine I'm controlling my life  
This is the right time to... Rise

Dead bodies on crosses hang

Godsend (God's End)  
Lead the lambs to their slaughter  
Godsend (God's End) Godsend  
Bleed the meek  
Godsend (God's End)  
Dead bodies on crosses hang  
Godsend, Bleed the meek
