

# Names Mean Nothing

Carnifex

It's time you see the world for what it truly is.  
A dead whore who's last words were fuck me again.  
It's time you see me for who I really am.  
I'm the walking wounded bleeding  
clever lies from within.  
These hands have held the bloody corpse of my dead  
lover.

And with your skin stretched tight I'll beat you till  
you're blind.  
I'll do it to you before you can do it to me because we  
share the same sickness inside.  
And with our hands clasped tight you'll beg me not to  
try but I'll do it to you  
before you can do it too me because we share the same  
sickness inside.

I want to forget your face.  
I want to forget the way you fucking taste. [2x]

Names mean nothing now.  
My eyes only see the blackest of the black.  
Waiting for the kiss from god's fallen children and  
there's no turning back.  
There's no turning back.
