

Inner Conflict

Carnivore

Nothing can stop the pain
And nothing can stop the pain
Suffering from anxiety
Somebody somebody kill me
Somebody put me out of my misery
Inner conflict
Inner conflict
The pain it only get worse
And the pain it only get worse
Give up cause there is no hope
Life is Hell when you can't cope
Large two inches maggots decorate my vomit
Infected eyes oozing pus
Acknowledge the stanch of human excrement
Swamps of mucus prevalent
Every hole in my body drips blood [3 times]
Hate is hear
I rip an my face in the mirror
Death approaching
Expiration growing hearers
I'm rotting inside
I'm disgusted with myself
I'm in Hell
