The runaway
So many things that you could say or do.
Don't wanna say goodbye.
So many nights that I would cry for you but you were cold as ice.
Now I'm searching for someone I can be sure of.
Sacrifice the only one that I need.

No hideaway for the runaway.

Every creature of love has excited me.

Someone is breaking your heart (heart) (heart).

So tomorrow I'll tell you that I'm sorry

and it's too late to worry if

someone is breaking your heart (heart) (heart).

Just an echo of a distant dream that slowly disappears in the magic of the ecstasy, that show between the tears.

Before my eyes the crystal was broken I swallowed every promise you made.

No hideaway for the runaway.

Every creature of love has excited me.

Someone is breaking your heart (heart) (heart).

So tomorrow I'll tell you that I'm sorry and it's too late to worry if someone is breaking your heart (heart) (heart).

Moonlight is cruel as the light and the future is only a lie. Oh baby, birds of a feather will fly. I'm alone in the night.

No hideaway for the runaway.

Every creature of love has excited me.

Someone is breaking your heart (heart) (heart).

So tomorrow I'll tell you that I'm sorry.

And it's too late to worry if

someone is breaking your heart (heart) (heart).
