

# Christmas Paradise

Carole King

Snow cones in the sun and palm trees swaying  
Down on the beach Feliz Navidad is playing  
And ohhh, I oughtta miss the Christmas as I always knew  
But here I am in paradise with you, just me and you, wishes come true

No crackling fire or chestnuts roasting,  
But we got some coconuts and rum for toasting  
Don't need a snowman we'll build castles in the sand  
I'm in a Christmas Paradise  
You and me underneath a beach umbrella, we don't need no mistle toe at all  
No need to hurry we don't have to worry there's no where else to be  
But the starry sky and the Christmas lights when the sun sets on the sea

Aqui en el Paraiso  
I'm in a Christmas Paradise  
You and me in Christmas Paradise  
Dime que si, on the beach it's very nice  
You and me in Christmas Paradise  
Aqui en el Paraiso

I'm in Christmas Paradise with you  
You and me in Christmas Paradise  
Dime que si, on the beach it's very nice  
You and me in Christmas Paradise

Aqui en el Paraiso  
It's Christmas time and I'm in Paradise  
We won't miss the snow at all  
Cause I'm with you in Christmas Paradise
