

Feel Better Now

Carolina Liar

Pocket full of sunshine in your hands
You got history you can't understand
You're all you'll ever need and I bet you're unprepared
You're unprepared

You're on your own... aw aw aw
Do you feel better now?
All alone... aw aw aw
Do you feel better now?

This ain't the first time that you'll be missed
Hard time resolutions lead to this
You drama driven executionist
Just being crazy keeps a smile on your lips

You're on your own... aw aw aw
Do you feel better now?
All alone... aw aw aw
Do you feel better now? Feel better now?

Aw aw aw
Aw aw aw

You're on your own
Do you feel better now?
All alone
Do you feel better now?
You're on your own... oh oh oh
Do you feel better now?
You're all alone... oh oh oh
Do you feel better now? Feel better now?
Feel better now?
