

## Inside Your Mind

Caroline's Spine

Heard, seen, said, and exaggerated  
I'll respond, I'll defend, and then I know longer tolerate it  
Oh, I wonder how I look inside your mind.  
Tell me, how'd I score with your panel of judges tonight, tonight?

[Chorus]  
Can you see me?  
And do you hear what I say to you?  
When I look inside you, I see something about myself  
Something I never knew  
And it makes me want to do it all over again  
You gonna take me on again?

A pleasant surprise, indeed I find your eyes simply amazing  
I pulled a leaf from a tree and you laughed just something wild  
Your smile is so crazy, so crazy  
And I wonder how I look inside your mind.  
Tell me, how'd I feel? Was I just another good time?

[Chorus]

And I wonder how I look inside your mind.
