

Much Better

Caroline's Spine

I'll let you in on a little secret
I think you should know
When i let you go,
I knew my friends would turn to foes
They said, "don't give up, she's good people.
Stood by your side, nothin' to hide,
And gave you a sense of pride..."

But they won't get through to me
And i see much better now that
You're gone...

Here's another little secret
They won't want to hear
I'm done living in fear - feeling guilty for being here
They said, "realize you're only human,
Born with the sin of man
It's all part of the plan - so repent or be damned!"

And i said they won't get through to me
And i see much better now that
You're gone...

I'll let you in on a little secret
I think you all should know
I feel the tension grow
And i think it's gonna blow...

And you won't get through to me
And i see much better now that
You're gone...
