Turned Blue

Caroline's Spine

Let me tell you something about myself
I think I'll tell you and nobody else
Because deep down inside
I know you're listening

I think about her every night
Watch her dance beneath the moonlight
She was the only one I could turn to, turn to
And I'll never turn to anyone else

So now you know
Just how I loved her so
I did anything she told me
You see, I'm a simple man with simple dreams

I'm telling you things are not what they seem
Because deep down inside
I know you're listening
I wanted nothing but to make her feel

A life with me could be so surreal
She told me not to let go
Until she turned blue, turned blue
And I'll never turn to anyone else

So now you know
Just how I loved her so
She wasn't supposed to go away
I did anything she told me

Anything at all
And I know she up there laughing
She was the one and only
She was, and now you know

Just how I loved her so
She wasn't supposed to go away
I did anything she told me...
So let me tell you something about myself

I think I'll tell you and nobody else
Because deep down inside
I know you're listening
She decided her fate that night

Shut her eyes for the last time
She's the only one
That could make you understand
