## **The Power Of Love**

**Carolyn Arends** 

Chorus So many living for the love of power Wanting more until their final hour The day has come for us to be part of The ones who find a ruler in the power of love Oh lei de lei de lei de lei the power of love Rich man - your pockets are full Money - it burns a hole in your soul Poor man - with the hungry heart You can be the place where the changes start

Repeat Chorus

Nations - your raging must cease Listen - The Prince of Peace Is calling those with hearts to hear To rise up in His name where there once was fear

Repeat Chorus
