

# I'd Still Have You

Carolyn Dawn Johnson

Didn't know til I was alone  
How Much i'd miss your love  
When you were gone  
Wakin up without you  
Was all it took  
Its when I knew

Chorus

What I thought that I wanted  
Feels alot like a heartache dont it  
If I could I'd go back  
Clean the slate just like that  
Change my mind Hit rewind  
Make you love me just one more time  
Everything I've done i'd undo  
And I'd still have you

I still hold you in my arms at night  
Instead of layin alone wonderin why  
It took you goin away for me to know  
It was a big mistake

Chorus

What I thought that I wanted  
Feels alot like a heartache don't it  
If I could I'd go back  
Clean the slate just like that  
Change my mind Hit rewind  
Make you love me just one more time  
Everything I've done I'd undo  
And I'd still have you

yeah

I just wanna love you one more time  
I just wanna love you  
I just wanna take back all i've done  
I just wanna undo oh oh oh

I just wanna love you one more time  
I just wanna love you  
I just wanna take back all i've done  
I just wanna undo

hey hey

chorus

What I thought that I wanted  
Feels alot like a heartache don't it  
If I could I'd go back  
Clean the slate just like that  
Change my mind Hit rewind  
Make you love me just one more time  
Everything I've done I'd undo  
And I'd still have you

yeah

I'd still have you

Oh oh oh

I'd still have you

Yeah
