

# Just Another Plane

Carolyn Dawn Johnson

To some it's just another plane  
Rolling up to the gate  
It landed in the pouring rain  
Twenty minutes late  
Stopping right on the mark  
And they do it every day  
It's just another boring Monday morning  
And just another plane

I hear the sound of those big jet engines  
Shut down and fade away  
The time it takes to open up that door  
Is just insane  
There's someone on board I'm waiting for  
It's so much more to me  
Than just another plane

Oh this can be such a lonely place  
Yeah I remember I was standing here  
The tears streaming down my face  
I watched him disappear  
Nobody looked me in the eye  
Yeah they all walked away  
Everybody cries in airports  
It's just another plane

I hear the sound of those big jet engines  
Shut down and fade away  
The time it takes to open up that door  
Is just insane  
There's someone on board I'm waiting for  
It's so much more to me  
Than just another plane

They say if you love someone  
You've got to set them free  
And let them fly away  
And if he was really yours  
Then he'll come back someday

There's someone on board I'm waiting for  
And he has come home to me  
That's not just another plane

To some it's just another plane  
Rolling up to the gate
