

# Life As We Know It

Carolyn Dawn Johnson

I wake up with the sun on my face  
On the edge of the bed  
Babe, you're takin' up all the space  
I roll you over then I give you a kiss  
Meet you in the middle that's where all the fun is

Life as we know it, it's goin' good  
That's an understatement  
It's goin' better than I ever thought it could  
Never been so happy, so content  
Oh, I wish, I could freeze this moment  
Life as we know it, now

You're doin' dishes if I'm cookin' the meal  
We got an understanding and it's a pretty good deal  
We read our books at each end of the couch  
No conversation needed  
To stay in touch in this house

Life as we know it, it's goin' good  
That's an understatement  
It's goin' better than I ever thought it could  
Never been so happy, so content  
Oh, I wish, I could freeze this moment  
Life as we know it, now

I whisper, I love you  
You tell me, you love me too  
It's so easy, so simple  
I wonder why we didn't think of this before

Life as we know it, it's goin' good  
That's an understatement  
It's goin' better than I ever thought it could  
Never been so happy, so content  
Oh, I wish, I could freeze this moment  
Life as we know it, now  
Oh, I wish, I could freeze this moment  
Right now
