

Zombie

Carousel Kings

You think you're smart
Change who you are just to fit in
You act like a snake
Hiding in the grass waiting for me

I'm so sick of this scene
You're nothing but a zombie to me
Feeding your apathy

So this means war
What is your cause
Why do you fight
You think you're in charge
Of what is wrong and what is right

I'm so sick of this scene
You're nothing but a zombie to me
Feeding your apathy

So this means war

So this means war
What is your cause
Why do you fight
For what you think is wrong and right

We're all so sick of this scene
You're nothing more than a zombie to me
Just feeding your apathy
I want you to know
You're just a zombie to me
