

# Run

## Carpark North

Watch my tail  
As my tail will stinch you  
I stay  
While we are bleeding

Those wet eyes  
Do they mean it's over  
A sea for us  
To drown in

Step out  
And walk away  
From the shadows we can't save  
At all

Run  
Don't belong  
Just hang on  
Just be strong  
Run  
Just hang on  
And be strong

Watch yourself  
'cause I might  
Just breake everything  
That we are building

See the tears  
And the lines they're tracing  
I give my breath  
To dry them

Step out  
And walk away  
From the shadows we can't save  
At all

Run  
Don't belong  
Just hang on  
Just be strong  
Run  
Just hang on  
And be strong

Far more stronger  
Reaching longer  
As we keep running

Run  
Don't belong  
Just hang on  
Just be strong  
Run  
Just hang on  
And be strong
