

## Start Up the Incinerator (Here Comes Another Useless Fool)

Carpathian Forest

Start it up  
Start it up!!!

I got a desperate urge to slaughter  
I have a sickening need to torture  
I can die by no human hands  
This unholy demon force

I was born to line the tombs of men  
I am born of Satan and of sin  
Black as a sculpture  
Full winged on every cold night  
Everyday I eat the fucking apple of Eden  
Awaiting the destruction of the gods

I command you all to go out and slaughter  
I command you fools to rape and murder  
All for the glory of Him!  
All for the glory of Hell!

Start up the incinerator  
Here comes another useless fool

Thrash!!!  
Who the fuck do you think you are?

Start up the incinerator  
Here comes another useless fool

You must always live in sin  
You must never help the weak  
You must never feel guilt  
And you live in the sorrow  
And you live in the pain  
And who the fuck do you think you are?  
Start up the incinerator!

Takk...
