## Calling Occupants of Interplanetary Craft (The Recognized Anthem of Wo

Carpenters

```
In your mind you have capacities you know
To telepath messages through the vast unknown
Please close your eyes and concentrate
With every thought you think
Upon the recitation we're about to sing
Calling occupants of interplanetary craft
Calling occupants of interplanetary, most extraordinary craft
Calling occupants of interplanetary craft
Calling occupants of interplanetary craft
Calling occupants of interplanetary, most extraordinary craft
You've been observing our earth
And we'd like to make a contact with you
We are your friends
Calling occupants of interplanetary craft
Calling occupants of interplanetary ultra emissaries
We've been observing your earth
And one night we'll make a contact with you
We are your friends
Calling occupants of interplanetary quite extraordinary craft
And please come in pace we beseech you
(Only of love we will teach you)
Our earth may never survive (So don't come we beg you)
Please interstellar policemen
Won't you give us a sign give us a sign that we've reached you
With your mind you have ability to form
And transmit thought energy far beyond the norm
You close your eyes, you concentrate, together that's the way
To send a message we declare World Contact Day
Calling occupants of interplanetary craft
Calling occupants of interplanetary craft
Calling occupants of interplanetary, most extraordinary craft
Calling occupants
Calling occupants
Calling occupants of interplanetary, anti-adversary craft
We are your friends
