

## If We Try

Carpenters

I've been living memories  
Lost in the warm of your smile  
Driftin' through the dreams we used to share  
Thinkin' 'bout the times we  
spent in love without a care  
And wishin' you were there

So darlin' if you  
should feel you're lonely tonight  
And you need someone next to you to hold you tight  
Just call me and I'll be there by your side  
Cause we can put that feelin' back inside us  
If we try

Summer time was feelin' good  
Holdin' the world in our hands  
Seemed like what we had was growin' strong  
Never even crossed our minds that  
love would soon be gone  
I guess that we were wrong

So darlin' if you  
should feel you're lonely tonight  
And you need someone next to you to hold you tight  
Just call me and I'll be there by your side  
Cause we can put that feelin' back inside us  
If we try

So darlin' if you feel you're lonely tonight,  
And you need someone next to you to hold you tight  
Just call me and I'll be there by your side  
(I'll be by your side)  
Cause we've got all those memories to guide us  
And we can put that feelin' back inside us  
If we try
