Medley

Carpenters

Sing, sing a song Make it simple to last Your whole life long Don't worry that it's not Good enough for anyone Else to hear Just sing, sing a song.

Go while the going is good Knowing when to leave may be The smartest thing anyone can learn, go! I'm afraid my heart isn't very smart Fly while your still have your wings Knowing when to leave never let you reach The point of no return, fly!

Foolish as it seems I still have my dreams So I keep hoping, day after day As I wait for the man I need Night after night as I wish For a love that can be Though I'm sure that no one can tell where their Wishes and hopes will lead, somehow I feel There is happiness waiting for me

When someone walks in your life You just better be sure it's right 'Cause if he's wrong, there's are heartaches and tears you must pay Keep both of your eyes on the door Never let it get out of sight Just be prepared when the time has come You run away Sail when the wind starts to blow But like a fool I don't know when to leave

If you really love her And there's nothing I can do Don't try to spare my feelings Just tell me that we're through And make it easy on yourself Make it easy on yourself Cause breaking up is so very hard to do

If the way I hold you Can't compare to her caress No words of consolation will make me miss you less My darling if this is goodbye I just know I want to cry So run to her before you start crying too And make it easy on yourself Make it easy on yourself Cause breaking up is so very hard to do

Someday, rested from hours of sleeping We'll stay safely behind what we're keeping You'll seem warmer than I had remembered you Lying so close I'll be able to feel you breathe I could never leave

One day, when I am able to love you I'll come back from wherever I've been to Please say that you'll be waiting when someday comes Promise me this and a kiss, to keep what you are Always close to me

Sharing horizons that are new to us, Watching the signs along the way, Talking it over just the two of us, Working together day to day Together.

And when the evening comes we smile, So much of life ahead We'll find a place where there's room to grow, And yes, We've just begun.
